

SNAITH PRIMARY SCHOOL

Accessibility Policy

Date policy was created/updated	Jan 22
Approved by Governors	
This policy will be reviewed (Unless required before.)	Jan 25
Person responsible for the policy	Helen Calpin

Statement of Intent

At Snaith Primary School our values reflect our commitment to a school where there are high expectations of and for everyone. Children are provided with high quality learning opportunities so that each child attains and achieves all that they are able to. Everyone in our school is important and included. We promote an ethos of care and trust where every member of our school community feels that they truly belong and are valued. We work hard to appreciate everyone's uniqueness and success. We recognise learning in all its forms and are committed to nurturing lifelong learners. We are a safe school, committed to improving children's confidence and self-esteem. We know that safe and happy children achieve.

Related Legislation and Definitions of Disability

This Accessibility Plan is drawn up in compliance with current legislation and requirements as specified in Schedule 10, relating to Disability, of the Equality Act 2010. School Governors are accountable for ensuring the implementation, review and reporting of progress of the Accessibility Plan over a prescribed period. The Equality Act 2010 replaced all existing equality legislation, including the Disability Discrimination Act. The effect of the law is the same as in the past, meaning that "schools cannot unlawfully discriminate against pupils because of sex, race, disability, religion or belief and sexual orientation".

According to the Equality Act 2010 a person has a disability if:

- (a) He or she has a physical or mental impairment, and
- (b) The impairment has a substantial and long-term adverse effect on his or her ability to carry out normal day-to-day activities.

The Accessibility Plan is structured to complement and support the school's Equality Objectives, and will similarly be published on the school website. We understand that the Local Authority will monitor the school's activity under the Equality Act 2010 (and in particular Schedule 10 regarding Accessibility) and will advise upon the compliance with that duty.

Roles and responsibilities

The governing board will be responsible for:

- Monitoring the Accessibility Plan.
- Approving the Accessibility Plan before it is implemented.

The headteacher will be responsible for:

- Creating an Accessibility Plan with the intention of improving the school's accessibility, in conjunction with the governing board
- Ensuring that staff members are aware of pupils' disabilities and medical conditions where necessary.
- Establishing whether a new pupil has any disabilities or medical conditions which the school should be aware of.
- Consulting with relevant and reputable experts if challenging situations regarding pupils with disabilities arise.
- Working closely with the governing board, LA and external agencies to effectively create and implement the school's Accessibility Plan.

The SENCO will be responsible for:

- Working closely with the headteacher and governing board to ensure that pupils with SEND are appropriately supported.

Staff members will be responsible for:

- Acting in accordance with this policy and the Accessibility Plan at all times.
- Ensuring that their actions do not discriminate against any pupil, parent or colleague.

All staff members and governors will partake in whole-school training on equality issues related to the Equality Act 2010. Designated staff members will be trained to effectively support pupils with medical conditions, for example, understanding how to administer insulin, in line with the Administering Medication Policy.

Objectives of the Accessibility Plan

Snaith Primary School is committed to providing an environment that enables full curriculum access that values and includes all pupils, staff, parents and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to taking positive action in the spirit of the Equality Act 2010 with regard to disability and to developing a culture of inclusion, support and awareness within the school.

The school recognises and values parent's knowledge of their child's disability and its effect on their ability to carry out everyday activities and respects the parent's and child's right to confidentiality.

The Snaith Primary School Accessibility Plan shows how access is to be improved for pupils, staff and visitors to the school with a disability, within a given timeframe and anticipating the need to make reasonable adjustments to accommodate their needs where practicable.

The Accessibility Plan contains relevant and timely actions to:-

- Increase access to the curriculum for pupils with a physical disability and/or sensory impairments, expanding the curriculum as necessary to ensure that pupils with a disability are as equally prepared for life as the able-bodied pupils; (If a school fails to do this they are in breach of their duties under the Equalities Act 2010); this covers teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or schools visits – it also covers the provision of specialist or auxiliary aids and equipment, which may assist these pupils in accessing the curriculum within a reasonable timeframe;
- Improve and maintain access to the physical environment of the school, adding specialist facilities as necessary – this covers improvements to the physical environment of the school and physical aids to access education within a reasonable timeframe;
- Improve the delivery of written information to pupils, staff, parents and visitors with disabilities; examples might include hand-outs, timetables, textbooks and information about the school and school events; the information should be made available in various preferred formats within a reasonable timeframe.

The Snaith Primary School Accessibility Plan relates to the key aspects of physical environment, curriculum and written information. Whole school training will recognise the need to continue raising awareness for staff and governors on equality issues with reference to the Equality Act 2010.

The intention is to provide a projected plan for a three-year period. If it is not feasible to undertake all the plans/works during the lifespan of the Accessibility Plan, some items will roll forward into subsequent plans. The school will provide adequate resources for implementing plans, ensuring pupils are sufficiently supported.

The Accessibility Plan will be used to measure the necessity of making reasonable adjustments in order to accommodate the needs of people with disabilities where practicable. It will be used to advise other school planning documents and will be reported upon annually in respect of progress and outcomes.

The school will collaborate with the LA in order to effectively develop and implement the plan. The LA will prepare accessibility strategies based on the same principles as the school's Accessibility Plan. The LA will also provide auxiliary aids and services where necessary to help the school provide suitable support to pupils with disabilities.

An access audit will be undertaken by the governing board and SENCO in line with the policy review. During Ofsted inspections, the inspectorate may include the school's Accessibility Plan as part of their review. Both this policy and the Accessibility Plan will be published on the school website.

Equal opportunities

The school strives to ensure that all existing and potential pupils are given the same opportunities, and is committed to developing a culture of inclusion, support and awareness. The Accessibility Plan will detail any barriers which are hindering the opportunities for pupils with SEND. The aim of the plan is to take appropriate measures in order to overcome these barriers, allowing all pupils equal opportunities.

Staff members will be aware of any pupils who are at a substantial disadvantage and will take the appropriate steps to ensure the pupil is effectively supported. Wherever possible, teaching staff will adapt their lesson plans and the curriculum to allow all pupils to reach their full potential and receive the support they need. The school will ensure that all extracurricular activities are accessible to all pupils and make reasonable adjustments to allow pupils with SEND to participate in all school activities.

Admissions

The school will act in accordance with its Admissions Policy. The same entry criteria will be applied to all pupils and potential pupils.

The school will strive to not put any pupil at a substantial disadvantage by making reasonable adjustments prior to the pupil starting at the school. All pupils, including those with SEND, will have appropriate access to all opportunities available to any member of the school community.

Information will be obtained on future pupils in order to facilitate advanced planning. Prospective parents of statemented pupils, and pupils with SEND, are invited to a transition meeting prior to the pupil starting school in order to discuss the pupil's specific needs.

Curriculum

The school is committed to providing a healthy environment that enables full curriculum access and values and includes all pupils regardless of their education, physical, sensory, social, spiritual and emotional needs. No pupil is excluded from any aspect of the school curriculum due to their disabilities or impairments. The school aims to provide a differentiated curriculum to enable all pupils to feel secure and make progress.

Subject leaders and the SENCO will work together to adapt a pupil's Termly Support Plan, with advice sought from outside agencies where appropriate, to allow all pupils to reach their full potential.

Where areas of the curriculum present challenges for a pupil, these are dealt with on an individual basis. The class teacher, in discussion with the pupil and their parents, will ensure that all adjustments possible, in line with common sense and practical application, will be made for any disability or impairment. Physical education lessons will be adapted, wherever possible, to allow pupils with disabilities to participate in lessons.

Termly support Plans and Pupil Passports – identify key elements of support for individual pupils as required.

Specialist resources are available for pupils with visual impairments, such a large print reading material. Staff implement specific literacy, numeracy and speech programmes as required.

Physical environment

The school is committed to ensuring that all pupils, staff members, parents and visitors have equal access to areas and facilities within the school premises.

The school has toilet facilities suitable for people with disabilities which are fitted with a handrail and an emergency pull cord. There are provisions for nappy changing.

Where entrances to the school are not flat, a ramp is supplied for access. Wide doors are fitted throughout the school to allow for wheelchair access. The corridor flooring and lighting is designed to support those who are visually impaired

Legal framework

This policy has due regard to all relevant legislation and statutory guidance including, but not limited to, the following:

- United Nations Convention on the Rights of the Child
- United Nations Convention on the Rights of Persons with Disabilities
- Human Rights Act 1998
- The Special Educational Needs and Disability Regulations 2014
- Education and Inspections Act 2006
- Equality Act 2010
- The Education Act 1996
- The Children and Families Act 2014
- The Equality Act 2010 (Specific Duties and Public Authorities) Regulations 2017
- DfE (2014) 'The Equality Act 2010 and schools'
- DfE (2015) 'Special educational needs and disability code of practice: 0 to 25 years'

This policy operates in conjunction with the following school policies:

- Equality Information and Objectives Policy
- Early Years Policy
- Special Educational Needs and Disabilities (SEND) Policy
- Equality, Equity, Diversity and Inclusion Policy
- Admissions Policy
- Good Behaviour and Anti Bullying Policy
- Supporting Pupils with Medical Conditions Policy
- Administering Medication Policy
- Curriculum Policies
- Health and Safety Policy
- School Improvement Plan
- Data Protection Policy

Contextual Information

Snaith Primary School is a single story primary school used predominantly for school purposes, but the school grounds and hall are used for out of school activities. Access into school has level access for wheelchairs and a disabled toilet, including medical bed is available. The school has a defibrillator on site, located in the main entrance.

Current Range of Known Disabilities

The school has children with a range of disabilities which includes moderate and specific learning disabilities. We have a small number of children who have a visual impairments and/or significant medical needs, and children who from time to time require wheel chair access.
